

THE SALT™

Christmas Edition 2011

2 Kings 2:21

A Publication From G.A.N.G MINISTRIES

SUPERNATURAL MOTION

Rev. Philip A. Edyocan

SEED IS POWERFUL AND MANY HAVE NO REAL IDEA OF ITS POWER IN GODS KINGDOM HERE ON EARTH AND THE LIFE TO COME. TODAY YOU MAY BE ENJOYING THE BENEFITS OF THE SEED PLANTED 10 YEARS AGO.

Praise the Lord what a wonderful season we are in Christmas 2011.

2011 has been an awesome year and I am looking forward to what the Lord will do through this ministry in 2012. As the year of 2011 faces its closure never to return I often think about the responsibility that God has placed on this ministry and its partners to break down the barriers for others to enjoy.

For thirteen years, this ministry faithfully ministered inside maximum security women's prison with unmatched success reaching the hardest of the hardest. Not only ministering inside the prison but also on their release.

Today the tide of those seeds are maturing with many women released after some spending 26 years in prison with no natural way of release. Their testimony to me if it wasn't for GANG Ministries I would still be inside and not experiencing this new life. No doubt many of you reading are saying amen.

I often think about the amazing stamp of approval God has placed on this ministry and the breakthroughs God has allowed others to experience in their personal lives.

The Spirit of God is moving me to minister this subject Supernatural Motion to you. I believe this message has the potential if operated to bring you out above the normal. This is an inspired write inspired by the Holy Spirit.

Far to many Christians operate from the level of carnal getting upset when the promises of God are presented for **Law in motion** to be operated causing Manifestation and release. Bluntly; rarely do many experience anything other than what they can produce by self void of supernatural demonstration and for a believer thats is unthinkable.

SUPERNATURAL MOTION

Many would rather hang on to the hinderances in life rather than repent from the disobedience that has caused **Spiritual motion** to halt. Carnality will kill the Life of the Spirit

1 Corinthians 3:1,3 AMP

Seed is Powerful and many have no real idea of its power in Gods Kingdom here on earth and in the life to come. Today you may be enjoying the benefits of the seed planted 10 years ago.

For many, God breathed on their seed and it became destined to produce for increase.

It goes like this

Once the harvest was celebrated the much needed seed from the increase was sown into different ground for what ever reason.

Pledges, emotional pleas from pulpits, what ever the reason the fertile ground that produced the harvest was forgotten.

The laws that govern seed time and harvest demonstrate increase has to be sown back into fertile ground.

In the book of Acts the seed had relationship with the ground. Broken, devastating results. **Acts chapter 5.**

You may say, isn't all of Gods Work Fertile? Well, what did Jesus say and do when He came and walked as a man and contended with the people representing God in His day? There is your answer

Thats why many are suffering today because the seed they sowed was an Ishmael done out of the flesh. No spiritual activity. Also many Christians think the tithe is something you sow.

No. Tithe is the money you owe. Offerings is where the increase begins **Malachi Chapter 3**

Let me break it down a little further for you with an example.

Many Christians come to our Church not in very good condition. On the outside it looks all fine to others but on the inside the canker worm has been eating away at their life.

After a few months of Gods Word rightly divided spoken into their lives with the Anointing (**His seal on His representative to remove**) they start planting seed and their spiritual life is working. They experience increase, Holy Ghost increase, financial increase but their service and giving to the house does not match the increase they experience.

For the first time in a long time they feel inspired full of purpose then the unthinkable happens. The attendance and commitment of that person drops and they go back to dead works again and sadly many never fulfill the divine potential God designed for them.

Its very important the value you place **with action** on what you hear coming from Gods representative.

The Spirit of God told me many people have acted in disobedience regarding the harvest that He has for them. Declaring it will never manifest to its **potential** as long as carnality and man pleasing with disobedience presents as the law of operation. It just comes down to Spiritual law: seed time and harvest, that produces supernatural demonstration. Not works or anything else lest you should boast just established principle of seed time and harvest.

Let me tell you seed received or sown does not guarantee harvest. It all comes down to the ground.

Some planted seed into this ministry and had amazing increase only to forget the stamp of approval God placed on that seed. The increase was not only to benefit their life it was to further the preaching of the Gospel to the lost. Thats why God waters your seed when you plant it in pure work.

God wants you to be so blessed physically, emotionally, financially, but if the increase you experienced stopped **at you** or sits in stagnate waters then you will be corrected. God always has proven ways to stop the flow to highlight the error.

Many Christians think the seed they sow will always produce a harvest, well sorry to be the bringer of Truth but that is not what the Word of God declares. **Matthew 13**

Let me explain to you the **IMPORTANCE** of planting seed in the right ground.

Because of the looseness and the blatant way many have worked the crowd for greedy gain I have been a little hesitant to speak on this subject but its time.

Why? Because there is a stack of people with the right intentions giving seed with no results and its causing a deficit for Wealth to flow into and out through the givers. (**Remember, God is not moved by need He requires Spiritual laws to be switched on or you could say made active.**)

On the other side of the coin this has created a generation of **conformability** and **a lack of resistance** against oppression which in turn makes the body of Christ like the slaves to this world. Its time to not only raise up the level of resistance but to check the ground we plant in.

Friend there is a devil that wants to rob you and the number one weapon the devil uses is complacency.

Here is the problem. It all starts when money is not used to reciprocate the Gospel. Most of the time its just used to further the traditions of men from generation to generation disabling the effectiveness of the ones that have been anointed to bring repentance to Gods inheritance. **THE LOST.**

If Jesus had a problem in His day with the same junk why do you think this has changed today?

God is not obligated to bless ignorance. Further more God is not moved by need. If He was, then all the little starving Children in this world would be feed by Him.

Many Christians just do not understand seed time and harvest; I am convinced.

Many just think that harvest is just money. Plant a Seed Get a Harvest.

Well, I have planted a few natural seeds and the principle of; thought it would work has no show in the law of harvest. It is no different in the switching of Spiritual Law.

There are many aspects to deal with once a seed is planted. Correct feeding, watering, protection from bugs, you know the rest.

It is no different in the consistency of planting seed in a ministry like GANG.

How stupid would it be if you planted seeds and then as they started to grow up the need arose to buy some fertilizer. Then you said no the seeds have cost me to much already. Two weeks down the track no plant, no Harvest, no SEED.

God is the Master of the Harvest and if you are a part of the harvest you also have responsibility as well as others.

The Spirt of God Highlighted to me some months ago the importance of **Scattering Seed To Planting Seed.** I have always wondered why the ones that scatter seed in this ministry never rise to the heights of others that plant seed.

There is a Huge difference as you will be able to see by analyzing just the simple principle of the home veggie garden. You just don't throw seeds into your prepared garden and leave them to the elements. No way. To much effort has gone into the preparation of the ground. You plant seeds knowing I will do my best to see these seeds turn into the harvest I need.

Thats where revelation comes in.

God is not interested in what you scatter He is interested in how you plant and the choice of ground you are willing to till.

From experience I have watched the faithful partners in this ministry and how they have increased. They are not looking for what they can get today they are planters who enjoy substance year in year out. Sometimes It might not happen the way they plan but it does happen supernaturally. Not naturally.

They are wise knowing the seed time and harvest principle. In closing I would like to ask you this?

Are you ready for your next harvest? What will your harvest be?

Is the seed you are planting today have enough Supernatural DNA for increase in the years to come?

This great nation of Australia needs this ministry to take its rightful place in society and with your tilling the ground and planting seeds in this ministry we will take our rightful place and Gather A. New Generation for His Glory.

To further your understanding of seed time and harvest. I have a friend in Texas who has a business that many would drool for.

For many years he was just was average worker Joe with no increase just bills bills and more bills. His giving outweighed his income but he found ground that produced fruit. It was not because he experienced financial increase that he kept sowing because things stayed the same. It was seeing God at work knowing his day would come because God, IS not God, was.

Without any evidence for over 25 years of faithfully planting seed even when it looked like he couldn't buy a loaf of bread one day the **switch of increase** came on and it can never go away.

I have to say when ministering in his Church the one thing I noticed was the priority things in his life had stayed the same. All his families where by his side increased in marriage and I realized this the words God gave me 20 years ago as a street preacher. **The seed that leaves your hand will never leave your future if its in fertile ground.**

(Sometimes its not about money because money will sure separate. Because the love of money is the root of ALL evil **1 Timothy 6:10.**

Abundance takes its time. Whether your believing for abundance in financial wealth or abundance in health or what ever area you would like to walk in.

The LAW of seed time and harvest are the Laws that govern what God has placed in motion for this earth realm they will never fail. **Let me say again NEVER FAIL.**

LAW= ESTABLISHED PRINCIPLE.

I am so honored that God would place His seal of approval on my life and this ministry in the work of Gathering A. New Generation that we have committed our lives to.

Friend if you are considering partnering with GANG regularly with financial donations let me please give you the One way to experience increase. Be part of this ministries increase. In return the spiritual laws of increase over your life will never be a problem. You might not receive what you think you should have today

but **God IS. not God was.** Selah. **Deuteronomy 18:1-20**

Philip.
